## CAREER OBJECTIVE

Adaptable Computer Science student skilled in Python, SQL, data structures, and web frameworks like Django and Flask. Experienced in database integration, data ingestion pipelines, and automation scripts to engineer scalable, high-performance software applications.

## EDUCATION

**Bachelor of Engineering – Computer Science and Engineering** 2023 – 2027 (Expected)
Visvesvaraya Technological University (VTU), Belagavi

**Class XII – Science** (Score: 88.66%) 2023
Karnataka School Examination and Assessment Board

**Class X** (Score: 86.72%) 2021
Karnataka Secondary Education Examination Board

## TECHNICAL SKILLS

- **Programming Languages:** Python, Java, SQL, JavaScript (ES6+)
- **Web & Backend Frameworks:** Django, Flask, Node.js, React, Ember, HTML5, CSS3, Fetch API
- **Databases & Data Warehousing:** Snowflake (Stored Procedures, Virtual Warehouses, Bulk Transactions, Data Ingestion), MongoDB (NoSQL), SQL (Relational Schema Design)
- **Core CS & Methodologies:** Data Structures, Algorithms, Object-Oriented Programming (OOP), Automation Scripts, Database Architecture, Exception Handling
- **Tools & Platforms:** Git, Version Control, Basic Machine Learning, Problem Solving

## PROJECTS

**College Event Management System** *Full-Stack Web Project*
- Engineered a scalable full-stack web application utilizing Python, SQL, JavaScript, Node.js, and MongoDB.
- Implemented secure database connection strings, bulk data processing, dynamic scheduling APIs, and custom exception handling.
- Automated backend workflows to streamline college event operations and improve system reliability.

## EXPERIENCE & CERTIFICATIONS

**Software Developer** – College Event Management System *Project Experience*
- Architected end-to-end relational and non-relational database models ensuring integrity and optimized queries.
- Designed data ingestion pipelines and server-side logic using modern backend frameworks.

**Certifications:**
- **GUVI – HCL:** How to Start a UI/UX Design Career Without Prior Experience (GUVI Geek Networks | April 2026)
- **TCS iON Career Edge:** Young Professional – Professional Readiness and Career Development
- **TCS iON:** Youth Employment Program – Employability and Professional Skills

## LANGUAGES

- English, Kannada, Hindi
