CAREER OBJECTIVE

Adaptable Computer Science student skilled in Python, SQL, data structures, and web frameworks like Django and Flask. Experienced in database integration, data ingestion pipelines, and automation scripts for building scalable software applications.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering 2023 – 2027 (Expected)
Visvesvaraya Technological University (VTU), Belagavi
Class XII – Science (Score: 88.66%) 2023
Karnataka School Examination and Assessment Board
Class X (Score: 86.72%) 2021
Karnataka Secondary Education Examination Board

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL, JavaScript (ES6+)
Web & Backend Frameworks: Django, Flask, Node.js, React, Ember, HTML5, CSS3, Fetch API
Databases & Data Warehousing: Snowflake (Stored Procedures, Virtual Warehouses, Bulk Transactions, Data Ingestion), MongoDB (NoSQL), SQL (Relational Schema Design)
Core CS & Methodologies: Data Structures, Algorithms, Object-Oriented Programming (OOP), Automation Scripts, Database Architecture, Exception Handling
Tools & Platforms: Git, Version Control, Basic Machine Learning, Problem Solving

PROJECTS

College Event Management System **Python, SQL, Node.js, MongoDB, JavaScript**

- Engineered a scalable full-stack web application implementing secure database connection strings and dynamic scheduling APIs.
- Developed backend scripts for bulk data processing and integrated custom exception handling mechanisms to ensure robust system reliability.
- Streamlined overall operational workflows through efficient relational schema design and automation scripts.

EXPERIENCE & CERTIFICATIONS

Software Developer (Academic Project Role) – College Event Management System

- Led database integration, schema optimization, and full-stack backend development.
- Designed efficient data ingestion pipelines to handle large datasets seamlessly.

Professional Certifications:

- **GUVI – HCL:** How to Start a UI/UX Design Career Without Prior Experience (GUVI Geek Networks, April 2026)
- **TCS iON Career Edge:** Young Professional – Professional Readiness and Career Development
- **Youth Employment Program:** Employability and Professional Skills (TCS iON)

LANGUAGES

English, Hindi, Kannada
